CANTON POLICE DEPARTMENT

About This Report

The Canton Police Department Monthly Report provides basic information about crime in the Canton Community. Each graph is accompanied by statistical information that supports the graph shown.

Glossary of Commonly Used Terms

Part One Crimes – Eight crimes, determined by the State of Michigan and the Federal Bureau of Investigation, are used for conformity in crime reporting. These eight crimes were determined based on seriousness and frequency of the crime. The crimes are: murder, rape (CSC I and CSC III), robbery, aggravated assault, burglary, specific larceny crimes as identified by the State, auto theft, and arson. Data from this monthly report may differ from the data in the FBI's yearly crime report due to the fact that only certain crime classes are extracted by the FBI for their reporting purposes.

All Other Crimes – All other reportable crimes, excluding the eight part one crimes.

Calls For Service – Any request for police assistance.

Traffic Complaints – Traffic incidents including: Traffic accidents, parking complaints, DWLS (Driving While License Suspended), OWI (Operating While Intoxicated or Under the Influence of a Controlled Substance), and assignments.

Response Time – The time period between when a call is received until the time the first officer arrives. Canton Police track emergency run response times and overall average response times which include emergency and non-emergency runs.

Patrol Area – The Canton map, divided into four areas of patrol. The boundaries for the patrol areas are set to accommodate an equal amount of activity in each area, and not by actual square mile. Therefore, the description of the patrol areas listed below is approximate only, and not an exact description of the area covered.

Area 1 – Northeast section of Canton
Area 2 – Northwest section of Canton

Area 3 – Southeast section of Canton
Area 4 – Southwest section of Canton

SEU – Special Enforcement Unit

MDOP – Malicious Destruction of Property

UDAA – Stolen Vehicle
